## GAME 1: SHOW DOWN

### Solo Play

**Object:** Score 20 points as quickly as possible.

**Set-up:** Place the game unit next to a wall as shown below.

Bounce the ball so that it hits your light beam, bounces off the wall and comes back to you.

Earn 1 point each time you bounce your ball through the beam on the blue side. Careful! Each time you hit the other light beam, you lose 1 point.

**Bonus Point:** If your light beam is hit 2 times within 2 seconds, you are awarded 1 extra point.

## 2-Player Game

**Object:** Be first with 20 points to win.

**Set-up:** You stand on one side of the game, your opponent stands on the other side. Bounce the ball back and forth to each other. Each time you hit your light beam, you earn 1 point. Careful! If you hit your opponent's light beam, your opponent wins 1 point.

**Bonus Point:** If you hit your light beam 2 times in a row within 2 seconds, you are rewarded 1 extra point.

## Team Play (4-player game)

**Object:** Be the first team with 20 points to win.

**Set-up:** Choose a teammate and stand on opposite sides of the game unit. Then choose a light beam. Your opponents do the same. Each team takes 1 ball. When the game begins, each player bounces a ball to his or her team mate, attempting to hit their beam.

Each time you hit your team's light beam, you earn 1 point. Careful! If you hit the opposing team's beam, they win 1 point.

**Bonus Point:** If your light beam is hit 2 times within 2 seconds, your team is awarded 1 extra point.

## GAME 2: TIME CHALLENGE

### Solo Play

Strobe lights on the top of the unit will indicate which beam you must try to hit. Earn one point each time you bounce your ball through the light beam with the strobe flashing. As soon as you hit the beam, the strobe changes to the opposite beam which you must then hit! If you hit the wrong beam, you will lose 1 point. After 45 seconds, your score will be announced.

Two different strobe lights on the top of the unit will indicate which beam you must try to hit at any given moment. You must hit the beam indicated by bouncing your ball through it as described earlier. Earn 1 point each time you do so. The strobe will change randomly – so watch carefully. If you hit the wrong beam, or it shuts off before you hit it, you lose a point. The game ends when you miss 5 times. Your score will be announced at the end of the game.

**Bonus Point:** If you hit a light beam (with the strobe flashing) 2 times within 2 seconds, you are awarded 1 extra point.

### 2-Player Game
